## Programs

We provide awareness-raising, action-inspiring programs through which youth can experience being sustainability advocates.

Our programs develop the attitudes, skills and knowledge needed to be an agents of change in your community and the world. While our cycling and performing tours create mobile sustainable communities which travel from place to place performing the Otesha Play, our high school and community play teams use theatre to inspire action at the local level.

## The Otesha Book

One of our star resources is the Otesha Book— From Junk to Funk! The book contains six chapters: water, clothing, media, coffee, food and transportation. Each chapter chronicles the realization of its narrator's interconnection with, and impact on, the targeted issue. Full of snappy statistics, action ideas and inspiring stories, the Otesha book is a great teacher resource, a good read, and a must-have for anyone looking to change the world.

To order the book visit [www.otesha.ca](http://www.otesha.ca)

The Otesha Project is a youth run charitable organization that uses theatre to mobilize young people to make local and global changes through their everyday consumer choices.

## Interested in getting involved?

- Volunteer for The Otesha Project
- Join a cycling and performing tour
- Start a Hopeful High School Hooligan team
- Make a donation to support our projects
